SAVINO DEL BENE®

Global Logistics and Forwarding Company

THE COMPANY

Savino Del Bene, which bears the name of its founder, was established in Florence in 1899. The company's initial focus was on the development of trade lanes between Italy and the USA. Today, Savino Del Bene is a global company specialized in logistics and supply chain management, offering a variety of services in the form of ocean, air and truck shipments around the world.

Savino Del Bene provides worldwide services, with more than 4.500 employees, 190 own branches, 103 subsidiary offices and strategic partnerships.

OUR CAPABILITIES

We offer advanced shipping services, customs clearance, warehouse management and a wide range of logistics products. We constantly strive to enhance our relationships with core air and ocean carriers, from whom Savino Del Bene demands the highest quality and flexibility in order to provide its customers the best services at the most competitive rates.

Our experience in various market sectors and areas makes our company a **reliable partner for all industries** requiring shipping and transportation services. For over **120 years, together with our** customers' valued support, we have been able to keep an eye on future global challenges, hence ensuring the certainty of our long term mutual success.

ANTI-INTRUSION SYSTEM

SECURITY

In partnership with I.LOG, Savino Del Bene offers an exclusive technological innovation to protect valuable goods shipped by air freight:

STRAP (Searching for Tampering Responsibility in Air Pallets) is a unique system consisting of an air pallet wrapping with anti-theft and anti-tampering data logger. The STRAP device records any circuit interruption as well as the exact date and time when a tampering has occurred.

This unique technology complies with aviation security Regulations EU No 185/2010.

SAVINO DEL BENE®

Global Logistics and Forwarding Company

CORPORATE SOCIAL RESPONSIBILITY

Savino Del Bene is committed to implementing social activities that have a positive impact on both the local and **global community**. We set ambitious new targets annually to focus on continually improving our already **high standards** as well as operating according to policies and procedures which integrate **social, environmental, ethical** factors into business operations and core strategy – all in close collaboration with stakeholders.

COMMITTED TO FUNDAMENTALS

HEALTH & SAFETY

Savino Del Bene operates under Safety Management system requirements always striving to provide and sustain safe and healthy working conditions to ensure the safety and security of our company assets.

ETHICS & COMPLIANCE

The Company adopted an Organization, Management and Control Model pursuant to the Italian Legislative Decree no. 231. It is our policy to conduct business in compliance with ethical standards defined by laws, regulations and governance codes with a strong commitment to the highest standards of ethics. We do not accept any form of bribery and we are committed to abiding by the anti-bribery laws in force in all countries in which we operate.

SECURITY

Savino Del Bene acknowledges the importance of maintaining the integrity and security of the international supply chain. We work together with our carriers, vendors, suppliers and clients to promote security measures and programs.

COMMUNITY INVOLVEMENT

The Company is committed to contribute to the well-being of the community, such as:

- Cooperating with local authorities, associations and institutions;
- Sponsoring projects to help the community;
- Ensuring safety and environmental sustainability;
- Donations to charity and associations to help those in need;
- Implementation of the “Carbon Footprint” to assist in measuring and controlling the release of CO₂ emissions from our company.
