Find out about our services

What makes us unique

Certifications

Required certifications of compliance: ISO 9001:2015 and ISO 14001:2015 GDP (Good Distribution Practice), and FDA compliance.

Cold chain

We procure special packaging for active and/or passive temperature maintenance.

Controlled Room Temperature (15-25 C), **refrigerated** (2-8 C), **frozen** (-20 C) and **ultra-frozen** (-70 C) **packaging & forwarding solutions** are provided.

Controls

Real-time monitoring of location, temperature, humidity, and **shipment tracking** can be provided upon request, from pick up to time of delivery, enabling us to take prompt corrective measures when necessary.

Safety and visibility

Information and visibility of the **pharmaceutical and/or healthcare shipment** is accessible and visible in our Track & Trace system.

Geofencing

A **virtual security fence** and **Control Tower** via GPS devices which actively monitor the location and movement of each load can be provided upon request.

Quality

A global, qualified QSHE team ensures the development of procedures, processes and implementation of CAPAs within our **Quality Management System**

Objective and means

Our objective is to establish global recognition for our market-leading customer satisfaction, through our shipping and logistics services in the pharma and healthcare field.

Added value for your shipments

We are available to assist you in offering a wide range of services with the primary focus of **safeguarding the product integrity**.

- Technical support on ancillary services
- Flexible and tailor-made solutions
- Drafting of SOPs and Technical Quality Agreements
- Consultancy and Network Design
- Handling of Dangerous and High Value shipments

◀ WATCH THE VIDEO

Focusing on sustainability

As a leading international shipping company, we operate according to the **United Nations Sustainable Development Goals (SDGs)**, meeting 7 out of 17 of these important key points. In fact, our company has developed our own 3S Development Plan – **Savino Del Bene Sustainable Shipping** – which represents our standards in the **environmental social and corporate governance fields**.

ENVIRONMENT

Continuous improvement of environmental performance for an integrated approach to sustainability
